

散装液体袋安全使用检查表

Checklist of Safety Items in Using Flexi-tanks

Form 1

Items for Checking the Container

Tick if YES

1. 集装箱使用时间小于3 年

Container used for less than 3 years

2. 集装箱箱板承重至少30480公斤

Container floor bearing capacity no less than 30,480 kg

3. 箱体壁板及底部无尖锐物

No sharp stuff on the side walls and the floor

4. 门闩、门铰链、门锁杆和把手柄状态良好

Bolts, gemels, lock levers and handles in good shape

5. 地板彻底清扫干净

Completely cleaned floor

6. 焊接区域和修补处使用胶带完全密封

All welded and mended area fully sealed by adhesive tape
